This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

(LF) Equity-Emerging Europe Fund, a sub-fund of (LF) fund Private Banking Class (USD), ISIN : LU1102785604, Currency: USD

This Fund is managed by Eurobank Fund Management Company (Luxembourg) S.A.

Objectives and Investment Policy

The Fund is actively managed and aims to achieve long term capital growth. It invests mainly in stock markets of the wider Central, South of East European region, as well as markets of their neighbor emerging countries.

The Fund can use derivatives to reduce the impact of market changes, or changes in currency exchange rates on its performance. In addition, the Fund may use a variety of financial instruments upon Fund's management discretion.

You can buy or sell shares of the Fund on a daily (bank business days in Luxembourg and Greece) basis.
All income of the Fund is reinvested.

Recommendation: this Fund may not be appropriate for investors who plan to withdraw their money within three years.

For full investment objectives and policy details please refer to the prospectus.

Risk and Reward Profile

Why is this Fund in category 6? The Fund is classified in the specific category because its share price may fluctuate significantly comparative to lower categories classifications. Therefore, the likelihood of bigger losses or gains is comparatively high.

The Risk / Reward profile is a reasonably accurate reflection of the risk inherent in the Fund under past market & operational conditions.

What do these numbers mean? They rate how the Fund may perform and the risk of losing part of your capital. Generally the potential for higher gains also mean a larger risk of losses. The lowest category does not mean a risk free investment.

Historical data, such as ones used for calculating this indicator, may not be a reliable indication of the future risk profile of this Fund.

The risk and reward category for this Fund is not guaranteed to remain unchanged, and may shift over time.
For additional details on risks, please refer to the prospectus.

As regards potential future extraordinary events different from those occurred in the past history of the Fund, these are not captured by the Risk / Reward profile;
other risks not captured by it include -the risk due to operational failure, i.e. human error or failure in systems and processes, -the risk due to unforeseeable unusually big orders by clients to exit the Fund, which may result in worse than expected entry/exit price levels, -in cases that the Fund invests in derivatives, mainly the risk of failure of derivative counterparties to fulfill their obligations, -the risk carried by the fact that emerging countries' capital markets are smaller, less liquid and more volatile than developed countries' capital markets.
