AVIS DE SOCIETE

Eurobank EFG Fund Management Company (Lux) S.A.
 Société anonyme
 5, rue Jean Monnet, L-2180 Luxembourg
 (the "Company")

NOTICE TO UNIT HOLDERS OF (LF) SPECIAL PURPOSE 9% EQUITY FORMULA PLN FUND

Sub-fund of (LF), a mutual investment fund organised under the laws of the Grand-Duchy of Luxembourg
 (the "Sub-Fund")

The Board of Directors of the Company has decided by Resolution dated August 30, 2012 to roll over for one year the investment strategy of the Sub-Fund, which matured on August 28, 2012, as indicated in the relevant prospectus.

More specifically, the following material changes have been made:

The name of the Sub-Fund was changed to (LF) Special Purpose 8.50% Equity Formula PLN Fund.

Section 2.1. Investment Objective

The Sub-Fund aims to provide high income in line with a systematic strategy on selected equity indices as described below (the "Derivative Investment Strategy"), bank deposits, money market instruments and an actively managed portfolio of transferable debt securities, including fixed and variable interest rate securities and government bonds admitted to an Official Listing or dealt in on a Regulated Market, traded worldwide.

The Derivative Investment Strategy commences on October 17, 2012 and matures on October 10, 2013 ("Investment Period").

The Derivative Investment Strategy's performance at the end of the Investment Period is based on a performance valuation mechanism according to points a), b), c), d) and e) below:

- a) The Equity Index Eurostoxx50 ("Index A"), Equity Index S&P 500 ("Index B") and Equity Index WIG 20 ("Index C") are selected.
- b) October 17, 2012 is defined as "Strike Date" and October 17, 2013 is defined as "Swaps Termination Date".
- c) If at the end of the Investment Period, Index A, Index B and Index C are all three above or equal to 60% of their level on Strike Date, then on the Swaps Termination Date the investor does not have capital losses, for investments made until October 17, 2012.
- d) If at the end of the Investment Period, the worst performing index among Index A, Index B and Index C has fallen below 60% of its level on Strike Date, then on the Swaps Termination Date, the investor loses a percentage amount of the capital invested, which will correspond to the performance of the worst performing Index, for investments made until October 17, 2012.
- e) The Board of Directors will decide if a coupon of 8.50% calculated on the unit price on Strike Date, is paid on the Swaps Termination Date by the Derivative Investment Strategy or if the respective amount will be reinvested in the Sub-Fund.

Section 2.2. Investment policy

The Sub-Fund seeks to achieve its investment objective as follows:

- primarily, investing mainly in a portfolio composed of bank deposits, money market instruments and debt securities, mortgage-backed securities and asset-backed securities. The Sub-Fund may invest more than 20% of its assets in mortgage-backed securities and asset-backed securities. The Sub-Fund may invest more than 35% of its assets in Polish Government Bonds.
- secondarily, entering into, one or several, over-the-counter derivative transactions called Equity linked swap agreements under ISDA (the "Swaps") with the aim of meeting the Investment Objective. The effect of this transaction is that the Sub-Fund exchanges part of the returns on its portfolio for returns specifically tailored to the Investment Objective of the Sub-Fund.

The swap counterparty/ies will be selected from the following credit institutions: Barclays; BNP Paribas; Deutsche Bank; JPMorgan Chase Bank; Royal Bank of Scotland; Société Générale; Credit Suisse, Goldman Sachs and Eurobank Ergasias S.A.

The name(s) of the swap counterparty/ies and the signed Swaps will be made available for inspection, upon investor(s) request, during normal business hours at the registered office of the Management Company.

The swap counterparty/ies pay to or receive from the Sub-Fund during the Investment Period amounts described in the Swaps; payment flows will contribute to realization of the Derivative Investment Strategy.

The Net Asset Value of the Sub-Fund, and therefore the value of the Sub-Fund's Units will increase (or decrease) in line with the valuation of both the portfolio of securities and the Swaps. The Swaps' aggregate notional amount will on Strike Date correspond to the Sub-Fund's Net Asset Value and will be adjusted on an ongoing basis based on the applicable valuation of the Swaps provided on a daily basis by the swap counterparties to take into account subscription and redemption requests in the Sub-Fund.

The ability of the Sub-Fund to meet its Investment Objective is dependent on the ability of the swap counterparty/ies to meet their obligations under the Swaps. Also, the aforementioned ability of the Sub-Fund to meet its Investment Objective is dependent on the performance of the investment portfolio (i.e. the investors could materialize a loss on their capital not only in the case (d) of the Derivative Investment Strategy, but in the case of issuers' defaults in the investment portfolio).

Liquidity, securities lending and repurchase agreements may be used within the limits described in sections 3.1. and 4. of this Prospectus.

The Directors will decide before maturity of the Derivative Investment Strategy, whether the Sub-Fund will be liquidated, prolonged for a new term with a new investment objective and policy (in which case the prospectus will be amended accordingly) or contributed to another Sub-Fund of the Fund. Unit holders will be informed accordingly in due course. Should the Directors decide that the Sub-Fund will be prolonged for a new term or contributed to another Sub-Fund of the Fund, unit holders will be offered a one month period during which they will have the possibility to redeem their Units free of charge before such changes become effective.

Section 3. Risk factors

The level of leverage is not expected to exceed 200%. The method used for leverage computation is based on the sum of the notional.

All the other terms of the Sub-Fund not mentioned above will remain unchanged.

Rights of unit holders:

As from publication date of the present notice, unit holders that are concerned by the changes listed above and who do not approve of these changes will have the possibility to redeem or convert their units free of charge during a period of one month, terminating on October 16, 2012.

Redemption or conversion requests shall be addressed to the distributor in accordance with the provisions of the prospectus.

The updated prospectus and related Key Investor Information Documents ("KIID") of (LF) dated October 2012 will be available free of charge at the registered office of the Company and at the local distributor branches as soon as the Luxembourg regulatory authority (CSSF) has issued the visa-stamped official prospectus versions.
