The Fund is a mutual investment fund (“fonds commun de placement”) and qualifies as an Undertaking for Collective Investments in Transferable Securities (“UCITS”), organized under Part I of the Luxembourg law of 17 December 2010 on undertakings for collective investments (“Investment Fund Law”), transposing Directive 2009/65/EC related to UCITS.

Term: The Sub-Fund will mature on 17 January 2028 (the “Maturity Date”). The Sub-Fund will be fully invested on the Maturity Date, and it shall be put in liquidation on the subsequent business day (the “Liquidation Date”). As of the Liquidation Date, the Sub-Fund will be kept alive only for the purpose of its liquidation, therefore it will no longer be bound by any investment restriction, its investment objective and policy. The investments made by the Sub-Fund will be taking into consideration its Maturity Date; any fixed income securities, bonds, notes that mature in the (six) 6 months prior to the Maturity Date may be invested in money market instruments, or ancillary liquid assets in order to safeguard the interests of unitholders towards the Maturity Date. For the avoidance of any doubt, the Sub-Fund shall not qualify as a money market fund in the meaning of the Regulation (EU) 2017/1131 of the European Parliament and of the Council of 14 June 2017 on money market funds, as amended. The Sub-Fund is terminated in case any of the conditions referred to in article 2 of the Fund’s Prospectus.

Objectives: The Sub-Fund aims to provide capital growth by investing its assets mainly (i.e. at least 65% of net assets) in fixed income transferable securities denominated in Euro, such as government bonds, corporate bonds and credit-linked notes (CLNs) admitted to an Official Listing or dealt in on a Regulated Market, traded worldwide. CLNs will not exceed the 10% of net assets.

The Sub-Fund may invest more than 35% of its assets in any one of the European Union members government bonds. The Sub-Fund may invest more than 50% of its net assets in securities carrying Eurozone sovereign or corporate risk. The Sub-Fund may invest up to 50% of its assets in securities that are rated by at least two out of three major rating agencies (Moody’s, S&P, Fitch) as high yield (i.e. Ba1 or lower by Moody’s, BB+ or lower by S&P, Fitch). Secondly, the Sub-Fund invests in bank deposits and foreign and domestic money market instruments. The Sub-Fund will not invest in equities, defaulted or distressed securities and contingent convertibles (CoCos), unless these instruments resulted from corporate actions or debt restructuring of one of the issuers of fixed income instruments that contained in the Sub-Fund.

The Sub-Fund does not promote environmental or social characteristics in a way that meets the specific criteria contained in Article 8 of the Sustainable Financial Disclosure Regulation (“SFDR”) or have sustainable investment as its objective in a way that meets the specific criteria contained in Article 9 of SFDR. The Sub-Fund is actively managed which means that the investment manager is actively making investment decisions for the Sub-Fund. The Sub-Fund is not managed in reference to a benchmark. Given the above investment objective and policy and the risk and reward profile of the product, the recommended holding period is 2 years.
